

A FULLY INTEGRATED SOLUTION FOR ADCs

PARTNERED TO PERFORM

FULL SCOPE CAPABILITIES

- + Cell line development
- + Process development and optimization
- + Production of antibody, payloads, and conjugates
- + Analytical characterization and testing
- + Fill finish, labeling, packaging and storage
- + Quality control and product release
- + Validation of analytical methods and manufacturing processes
- + Integrated project management, supply chain and registration support

The PROVEO™ Alliance delivers the most complete and efficient production of Antibody Drug Conjugates (ADCs) available to the market today. From antibody production to labeling and packaging, PROVEO provides clients with the complete, fully customized ADC solution.

PROVEO IS YOUR ADC ALLIANCE

Formed in 2016, PROVEO is a four-company CMO alliance providing seamless, end-to-end solutions for the process development and cGMP manufacture of ADCs. PROVEO combines decades of industry experience and competencies with proven capabilities and the very latest in technological innovation to deliver an unmatched quality, dependability, and responsive client service.

This truly global alliance will provide you with the most reliable and complete ADC solutions available to the market today.
